QUESTION 3

You have a Microsoft Exchange Server 2019 organization.

You add 100 new users and create a mailbox for each user. The new users have the City attribute in Active Directory set to Seattle.

You need to create a separate global address list (GAL) that contains only users who have the City attribute set to Seattle. The solution must ensure that any new users who have the City attribute of Seattle are added automatically to the new

GAL.

What should you do?

- A. From the Azure Active Directory admin center, create an Office 365 group that uses a dynamic membership rule.
- B. From the Exchange admin center, create a new GAL.
- C. Run the New-EmailAddressPolicy cmdlet to create a new email address policy that uses a recipient filter.
- D. Run the New-GlobalAddressList cmdlet to create a new address list.

Correct Answer: D

3. On the properties flyout page, click the Mail tab, and then under More actions, click Manage litigation hold.

4. On the Manage litigation hold flyout page, select the Turn on litigation hold checkbox and then enter the following optional information:

Hold duration (days): Use this box to create a time-based hold and specify how long mailbox items are held when the mailbox is placed on Litigation hold. The duration is calculated from the date a mailbox item is received or created. When

the hold duration expires for a specific item, that item will no longer be preserved. If you leave this box blank, items are preserved indefinitely or until the hold is removed. Configure 90 days.

Note visible to the user: Use this box to inform the user their mailbox is on Litigation hold. The note will appear on the Account Information page in the user's mailbox if they're using Outlook 2010 or later. To access this page, users can click File in Outlook.

Web page with more information for the user: Use this box to direct the user to a website for more information about Litigation hold. This URL appears on the Account Information page in the user's mailbox if they are using Outlook 2010 or

later. To access this page, users can click File in Outlook.

Click Save changes on the Litigation hold flyout page to create the hold.

The system displays a banner saying it might take up to 240 minutes for the change to take effect.
