QUESTION 1

Is this a valid user account status for an end user who needs to authenticate to Okta?

Solution: Pending Activation

- A. Yes
- B. No

Correct Answer: A

QUESTION 2

Is this an option available to end users for self-service password reset if enabled by an Okta Administrator?

Solution: Email

- A. Yes
- B. No

Correct Answer: A

Explanation: 1. Click on the password reset link
Include a Click here to reset your password link on the Okta Sign-On page so that users can intuitively initiate the password reset flow. By combining self-service password resets with SSO, not only can organizations reduce the number of required passwords (a security benefit, as well as end-user convenience) but users are able to access all their applications through a single password reset.

2.

Receive either an email or an SMS message
The user has the option to receive either an email or an SMS message containing a password reset code. With both options, the user still has to answer a security question to verify identity before they are allowed to reset their password. This security question and answer is created when users enroll in Okta MFA.

3.

Enter a new password
The newly created password can still impose the same password policies such as character length, number of special characters required, etc., ensuring a consistent password policy throughout the organization.

QUESTION 3

Is this a valid reason to choose Okta as an Identity and Access Management (IAM) solution? Solution: To serve as an API gateway

- A. Yes
- B. No

Correct Answer: B

QUESTION 4

Multifactor authentication (MFA) needs to be enforced in an environment when end users log in to Okta Is this the policy type that an administrator should implement?

Solution: Password

A. Yes

B. No

Correct Answer: A

QUESTION 5

Is this what an end user needs to do in order to switch between Okta accounts from within the same browser?

Solution: Disable all Browser plugins

A. Yes

B. No

Correct Answer: B

Explanation: <https://help.okta.com/en/prod/end-user/Content/Topics/end-user/plugin-switch-accounts.htm?cshid=csh-user-plugin-switch-accounts>
