QUESTION 1

How many zones can an interface be assigned with a Palo Alto Networks firewall?

- A. two
- B. three
- C. four
- D. one

Correct Answer: D

QUESTION 2

An administrator is creating a Security policy rule and sees that the destination zone is grayed out. While creating the rule, which option was selected to cause this?

- A. Interzone
- B. Source zone
- C. Universal (default)
- D. Intrazone

Correct Answer: D

In Intrazone security rules, no destination zone can be specified

QUESTION 3

An administrator receives a global notification for a new malware that infects hosts. The infection will result in the infected host attempting to contact a command-and-control (C2) server. Which two security profile components will detect and prevent this threat after the firewall's signature database has been updated? (Choose two.)

- A. vulnerability protection profile applied to outbound security policies
- B. anti-spyware profile applied to outbound security policies
- C. antivirus profile applied to outbound security policies
- D. URL filtering profile applied to outbound security policies

Correct Answer: BC

QUESTION 4

An administrator is troubleshooting traffic that should match the interzone-default rule. However, the administrator doesn't see this traffic in the traffic logs on the firewall. The interzone-default was never changed from its default configuration.

Why doesn't the administrator see the traffic?

- A. Logging on the interzone-default policy is disabled.
- B. Traffic is being denied on the interzone-default policy.
- C. The Log Forwarding profile is not configured on the policy.
- D. The interzone-default policy is disabled by default.

Correct Answer: A

QUESTION 5

What is the main function of Policy Optimizer?

- A. reduce load on the management plane by highlighting combinable security rules
- B. migrate other firewall vendors' security rules to Palo Alto Networks configuration
- C. eliminate "Log at Session Start" security rules
- D. convert port-based security rules to application-based security rules

Correct Answer: D
