Correct Answer: BCD

---

#### QUESTION 5

You work as a System Administrator for Happy World Inc. Your company has a server named uC1 that runs Windows Server 2008. The Windows Server virtualization role service is installed on the uC1 server which hosts one virtual machine that also runs Windows Server 2008. You are required to install a new application on the virtual machine. You need to ensure that in case of a failure of the application installation, you are able to quickly restore the virtual machine to its original state.

Which of the following actions will you perform to accomplish the task?

- A. Use the Virtualization Management Console to save the state of the virtual machine.
- B. Log on to the virtual host and create a new dynamically expanding virtual hard disk.
- C. Use the Virtualization Management Console to create a snapshot of the virtual machine.
- D. Use the Edit Virtual Hard Disk Wizard to copy the virtual hard disk of the virtual machine.

Correct Answer: C
