QUESTION 1

Following the leak of confidential business contracts, a company's Legal department mandates that all outbound communication from the Finance department must be secure at all times. Which two policy strategies can help the messaging administrator accomplish this in Symantec Messaging Gateway 10.5? (Select two.)

- A. Deliver message using TLS
- B. Block direct client access to corporate email servers
- C. Deliver message with notification
- D. Deliver message with content encryption
- E. Configure firewall to only accept outbound SMTP connections from the Symantec Messaging Gateway scanners

Correct Answer: AD

QUESTION 2

In which two situations are multiple group policies useful? (Select two.)

- A. when the entire organization wants to delete spam
- B. when only the Human Resources department wants to receive spam
- C. when only the Engineering department wants to keep message logs
- D. when only the Legal department should be allowed to send archive files
- E. when all of the departments want to scan outbound messages

Correct Answer: BD

QUESTION 3

During which phase of outbound message flow does Symantec Messaging Gateway 10.5 determine whether the number of recipients exceeds the good number of recipients per message?

- A. message routing
- B. message delivery
- C. outbound SMTP session
- D. outbound SMTP connection

Correct Answer: C

QUESTION 4

How could an administrator filter email more aggressively by adjusting the suspected spam score?

- A. Raise the suspected spam score from the default to 99.
- B. Lower the suspected spam score from the default to 60.
- C. Lower the suspected spam score from the default to 75.
- D. Raise the suspected spam score from the default to 72.

Correct Answer: B

QUESTION 5

What can administrators do in order to receive custom anti-spam rulesets?

- A. forward spam samples to abuse@brightmail.com
- B. log a support case and submit samples to Symantec for analysis
- C. create a content filter rule to block the message based on the spam sample
- D. enable the customer-specific rules feature and submit unwanted messages

Correct Answer: D
