QUESTION 1

What two methods can you use to change the font of a worksheet title? (Choose two.)

- A. Select Format on the menu, and then select Title and Caption.
- B. Select Format on the menu, and then select Font.
- C. Double-click the title in a particular view and use the dialog box.
- D. Right-click the title in a view, and then select Format Title.

Correct Answer: BC

QUESTION 2

Which chart type uses automatically generated sizes that cannot be resized by using the Marks card?

- A. Heat maps
- B. Density map
- C. Side-by-side circles
- D. Packed bubbles

Correct Answer: D

QUESTION 3

Given a map, which of the following fields can be placed in Size, Shape, Detail, Color

- A. Profit, State, Number of Records, Sales
- B. Region, Country, Profit, State
- C. Longitude, Country, State, Sales
- D. Sales, State, Country, Profit

Correct Answer: D

Since Sales is a measure, it can easily be depicted via size. To drill down and change the level of detail, Country is the correct choice since it will contain STATE. We can then depict the various states by different shapes such as circle, square etc.

Finally, the Profit can be depicted via a color! Eg-Red for poor and green for excellent profits!

**QUESTION 4**

In an extract, what are three differences between a full refresh versus an incremental refresh? (Choose three.)

- A. An incremental refresh can only be run from Tableau Server.
- B. A full refresh is usually very slow. An incremental refresh can take less time.
- C. A full refresh replaces all the extracted data with the data in the underlying data source.
- D. An incremental refresh only adds rows that are new
- E. A full refresh must be configured. An incremental refresh is the default extract in Tableau.

Correct Answer: BCD

QUESTION 5

Download the Dataset from: <https://drive.google.com/file/d/12AYHfiPWkwBmvH0zbumOURgUX6Az00Rw/view?usp=sharing>

Using the Time Series Table, create a line chart to show Sales over time. Which Month and Year witnessed the lowest Sales?

- A. September 2017
- B. March 2018
- C. December 2017
- D. January 2018

Correct Answer: D

Follow the steps to get the correct answer : January 2018

Connections

Add

Retail-Sales-Data

Microsoft Excel

Sheets

☐ Use Data Interpreter

Data Interpreter might be able to clean your Microsoft Excel workbook.

☒ Geo Data

☒ Time Series

☐ New Union

Time Series (Retail-Sales-Data)

Time Series

Sort fields

Data source order

We are talking about dates, so use the Time series sheet as follows:

Next, the following should be your view and clearly, January 2018 is the lowest point:
