QUESTION 1

Where might this passage be found?

Eric and Billy purchased new bikes to use when they went off to college. Given the rising cost of gas, they felt the purchase was justified and reasoned that, living on campus, they would not require cars. Their mother, however, felt that a car should be shared between them, and presented them with a car as a gift. Following this gift, Eric and Billy returned one bike and determined that they could share both a car and a bike, reasoning that some gas savings was better than nothing.

- C. a nonfiction work
- D. a persuasive essay

QUESTION 3

Even the most insulated and _____ government has to be concerned today about the popular mind; some systems may be less _____ than others, but at some point all must pay attention.

- A. parochial; vociferous
- B. corrupt; theoretical
- C. arbitrary; sensitive
- D. obscure; reined
- E. vibrant; responsive

Correct Answer: C

The last phrase in the sentence, "but at some point, all must pay attention" implies that the second missing word must mean attentive. Among the choices for this word, it is only "sensitive" and "responsive" which have this meaning. But an insulated (meaning with no touch with the people) government cannot be described as a "vibrant" one. So, "arbitrary; sensitive" is the answer.
