QUESTION 1

The Sun Ray Components for Windows help to accelerate Flash and Video content. When using Windows XP, which three statements are true regarding media acceleration?

- A. Supported file-based playback can only be viewed with Windows Media Player.
- B. The following codecs are supported on RDP connection with Windows XP desktops: MPEG-2, H.264, VC-1
- C. To ensure that H.264 video streams are accelerated properly, you need to download and install a third party or freeware solution on the Windows VM.
- D. The Multimedia enhancements are only supported for the Sun Ray 3 series of hardware clients.
- E. The Sun Ray 1 series hardware clients use the firmware to decode and output the media.

Correct Answer: BCD

QUESTION 2

Your customer would like role-based administration set up. Which statement regarding Oracle VDI role-based administration is correct?

- A. Although the root user is the default Oracle VDI administrator, additional Oracle VDI administrators must be valid users in the Company LDAP directory service before assigning them role-based privileges.
- B. Although the root user is the default Oracle VDI administrator, additional Oracle VDI administrators can be any valid user on an Oracle VDI host.
- C. The root user is the only Oracle VDI administrator allowed privileges, however, you can vary those privileges according to the type of role.
- D. Although the root user is the default Oracle VDI administrator, any domain admin user is automatically elevated to Oracle VDI administrator.

Correct Answer: C

QUESTION 3

Oracle Virtual Desktop client on a user's PC is unable to connect to a VDI server on another subnet, even though a Sun Ray Client on the same network works correctly. What would cause this?

- A. Access has not been enabled on the VDI server for OVDC Clients.
- B. OVDC uses a different protocol which might be blocked by a firewall.
- C. OVDC does not support the encryption method configured for use on the server.
- D. OVDC is intended for use with Secure Global Desktop, not Sun Ray Server.

Correct Answer: D

QUESTION 4

All hosts in the same Oracle VDI center must use the same .

- A. amount of RAM
- B. CPU speeds
- C. storage provider
- D. operating system
