QUESTION 1

When you copy a file from one NTFS file system partition to a different NTFS partition, what happens to the file permissions of the copied file?

- A. They are the combined permissions of the original file and destination folder
- B. They inherit the permissions of the destination folder
- C. They remain the same as the original
- D. They most restrictive permissions are applied

Correct Answer: B

References: <https://support.microsoft.com/en-us/help/320246/inherited-permissions-are-not-automatically-updated-when-you-move-fold>

QUESTION 2

Which file system format has been adopted by the computer industry as the standard for optical media?

- A. ExFAT
- B. FAT16
- C. ReFS
- D. UDF

Correct Answer: D

References: https://en.wikipedia.org/wiki/Universal_Disk_Format

QUESTION 3

This question requires that you evaluate the underlined text to determine if it is correct.

You are personalizing the Start screen on a Windows 10 computer.

To create a new group of tiles on the Start Screen, select a tile and press F12.

Review the underlined text. If it makes the statement correct, select "No change is needed". If the statement is incorrect, select the answer choice that makes the statement correct.

- A. No change is needed
- B. access Settings > Personalize > Start
- C. right-click a tile and close Add to new group

D. drag a tile to the far-right side of the Start screen and drop it

Correct Answer: D

QUESTION 4

This question requires that you evaluate the underlined text to determine if it is correct.

If you need to make storage space available for an update on a Windows Phone 8.1 device, you should use "Action Center" to move installed programs to and other data from the phone to the SD card. Instructions: Review the underlined text.

If it makes the statement correct, select "No change is needed". If the statement is incorrect, select the answer choice than makes the statement correct.

- A. No change is needed
- B. File Explorer
- C. Phone Update
- D. Storage Sense

Correct Answer: D

To uninstall apps and games or move them to an SD card using Storage Sense

You can uninstall apps and games to free up space on your phone, or move them to an SD card (if you have one installed).

1.

In the App list, go to Storage Sense Storage Sense Tile.

2.

Go to Phone > Apps+games.

3.

Tap an app or game file, and then tap Uninstall or Move to SD.

QUESTION 6

Change the appearance of your displays

Display: 1. Mobile PC Display

Resolution: 1366 × 768 (recommended)

Orientation: Landscape

Multiple displays: Extend these displays

Make this my main display

[Advanced settings](#)

[Connect to a projector \(or press the !\[\]\(c724c83fe216b2427610afdbd31f92cc_img.jpg\) key and tap P\)](#)

[Make text and other items larger or smaller](#)

[What display settings should I choose?](#)

OK

Cancel

Apply

Which feature on Windows Phone 8.1 provides secure encryption of all user data stored locally on internal data partitions?

- A. Secure Boot
- B. Encrypted File System
- C. BitLocker
- D. TrueCrypt

Correct Answer: C

The Windows Phone OS supports using BitLocker technology to encrypt all user data stored locally on internal data partitions.

Reference: Secure boot and device encryption overview https://dev.windowsphone.com/en-US/OEM/docs/Phone_Bring-Up/Secure_boot_and_device_encryption_overview

QUESTION 7

You are tracking hardware and software inventory on various devices.

You need to identify the requirements to support communication between the devices and the Microsoft Intune administrative console.

Which device requirement must be met?

- A. All devices must be domain members
- B. Windows computers must run Windows 8.1 or later
- C. Microsoft Intune agent must be installed
- D. All enrolled devices must be in the same organizational unit (OU)

Correct Answer: C

The devices need the Microsoft Intune client installed. This software is also known as Microsoft Intune agent.

QUESTION 8

Match each Microsoft Virtual desktop feature to its definition.

Instructions: To answer, drag the appropriate feature from the column of the left to its definition on the right. Each feature may be used once, more than once, or not at all. Each correct match is worth one point.

Select and Place:

Microsoft Virtual Desktop

Microsoft Remote Desktop App

Multi-touch remote

RemoteApp programs

User profile disk

Answer Area

behaves and appears like a local application in a user's desktop, with seamless desktop integration and transparent rendering behavior

provides access to applications or full desktops from a variety of devices and platforms, including Windows, Windows RT, iOS, Mac OS X, and Android

supports multi-touch, new Windows experience, and start Menu/screen integration, and enables end users to use the latest devices to interact with their remote Windows 8 desktop

Correct Answer:

Microsoft Virtual Desktop

User profile disk

Answer Area

behaves and appears like a local application in a user's desktop, with seamless desktop integration and transparent rendering behavior

provides access to applications or full desktops from a variety of devices and platforms, including Windows, Windows RT, iOS, Mac OS X, and Android

supports multi-touch, new Windows experience, and start Menu/screen integration, and enables end users to use the latest devices to interact with their remote Windows 8 desktop

RemoteApp programs

Microsoft Remote Desktop App

Multi-touch remote

*

RemoteApp programs RemoteApp enables you to make programs that are accessed remotely through Remote Desktop Services appear as if they are running on the end user's local computer. These programs are referred to as RemoteApp programs. Instead of being presented to the user in the desktop of the Remote Desktop Session Host (RD Session Host) server, the RemoteApp program is integrated with the client's desktop.

*

Microsoft Remote Desktop App Provides access to applications or full desktops from a variety of devices and platforms including Windows, Windows RT, iOS, Mac OS X and Android

*

Multi-touch remote Supports multi-touch, new Windows experience, and Start menu/screen integration. Enables end users to use the latest devices to interact with their remote Windows 8 desktops. The touch experience is fully remote, supporting Windows 8 touch gestures such as pinch, zoom and rotate. Reference: Microsoft Virtual Desktop Infrastructure, Rich user experience at a great value <http://download.misco.co.uk/misco/uk/pdf/Microsoft-Virtual-Desktop-Infrastructure.pdf> Reference: Overview of RemoteApp <https://technet.microsoft.com/en-us/library/cc755055.aspx>

QUESTION 9

This question requires that you evaluate the underlined text to determine if it is correct.

You manage Windows 8.1 desktop and laptop computers in your university's computer lab.

The university's IT team recently implemented an active directory environment.

You need to join the desktop and laptop computers to a new Active Directory domain.

You should use the "Network and Internet" Control Panel applet to achieve this goal.

Instructions: Review the underlined text. If it makes the statement correct, select "No change is needed". If the statement is incorrect, select the answer choice than makes the statement correct.

- A. No change is needed
- B. User Accounts
- C. Administrative Tools
- D. System

Correct Answer: D

Join a domain, workgroup, or homegroup

1.

Open System by swiping in from the right edge of the screen, tapping Search (or if you're using a mouse, pointing to the upper-right corner of the screen, moving the mouse pointer down, and then clicking Search), entering System in the search box, and tapping or clicking System.

2.

Under Computer name, domain, and workgroup settings, click Change settings. You might be asked for an admin password or to confirm your choice.

3.

Click Network ID and follow the steps on your screen.

Reference: <http://windows.microsoft.com/en-us/windows-8/join-domain-workgroup-homegroup>

QUESTION 10

This question requires that you evaluate the underlined text to determine if it is correct.

"The Windows Store" allows users of Windows 8 and Windows 8.1 computers to view and install applications that the users' administrators make available to them. The computers must be attached to the domain, and the user must be logged

in with domain credentials.

Instructions: Review the underlined text. If it makes the statement correct, select "No change is needed". If the statement is incorrect, select the answer choice than makes the statement correct.

- A. No change is needed
- B. Microsoft SharePoint
- C. The Microsoft Intune Company Portal App
- D. The System Center Configuration Manager Company Portal App

Correct Answer: D

The System Center Configuration Manager Company Portal app allows users of Windows 8, Windows 8.1 and Windows 10 machines to view and install applications made available to the user by their administrators. The machine must be managed by Microsoft System Center 2012 R2 Configuration Manager, or later, with the agent installed.

End User Machines requirements:

*

Windows 8 Pro, Windows 8 Enterprise, Windows 8.1 Pro, Windows 8.1 Enterprise, Windows 10 Pro or Windows 10 Enterprise

*

Machine must be domain-joined

*

User must be logged on with domain credentials

*

System Center 2012 R2 Configuration Manager (or later) client agent must be installed

QUESTION 11

Your sister is taking a video editing class at school. She purchased a 2-TB USB hard drive to store video files. She wants to connect it to her Windows 10 computer at home. Video file will exceed 5 GB in size.

You need to prepare the new hard drive by formatting it with the appropriate file system.

Which file system should you choose?

- A. FAT
- B. HFS
- C. NTFS
- D. FAT32

Correct Answer: C

References: https://answers.microsoft.com/en-us/windows/forum/windows_7-files/what-is-the-maximum-file-size-fat-fat32-ntfs-file/1663db6b-490e-4021-9e36-f7a6976ac0c0

QUESTION 12

Which two Windows 10 tools can be used to perform BitLocker encryption? (Choose two.)

- A. Manage-bde
- B. Disk Management
- C. Microsoft Management Console
- D. BitLocker control panel

Correct Answer: AD

References: <https://docs.microsoft.com/en-us/windows/security/information-protection/bitlocker/bitlocker-basic-deployment>

<http://www.ilovefreesoftware.com/12/windows-10/enable-bitlocker-drive-encryption-windows-10.html>

QUESTION 13

You have several Windows 8.1 Pro computers in your college dorm.

You want to share music library files across these computers in a simple way by using a single password for access.

What should you do?

- A. Share the folder with the Everyone group
- B. Change the permissions of all music files to Everyone read
- C. Share the music library through a HomeGroup and join each computer to it
- D. Rename each computer to a single, common name and enable the Administrator

Correct Answer: C

A homegroup is a group of PCs on a home network that can share devices (such as printers), and libraries (such as your Documents, Pictures, Music, and Video libraries). Using a homegroup makes sharing easier. Your homegroup is protected with a password, which you can change at any time.

Reference: Homegroup Password - View in Windows 8 <http://www.eightforums.com/tutorials/15855-homegroup-password-view-windows-8-a.html>

QUESTION 14

You need to create an Azure storage account through Azure Storage Services to support an Azure Windows virtual machine (VM). You want to keep subscription costs to a minimum. What type of storage account should you create?

- A. Standard storage performance tier
- B. Blob cool access tier
- C. Premium storage performance tier
- D. Blob hot access tier

Correct Answer: D

References: <https://www.petri.com/choosing-azure-storage-account-type>

<https://docs.microsoft.com/en-us/azure/storage/common/storage-introduction>

QUESTION 15

You have an external monitor connected to a laptop computer that is running Windows 10. The monitors are configured to provide a panoramic display that continues across both monitors.

You want to move the system tray to the secondary monitor. Both monitors must continue to display screen data.

Which Display setting you select?

- A. Custom scaling
- B. Show only on 2
- C. Extend desktop to this display
- D. Make this my main display

Correct Answer: D
