-  **365 Days** Free Update
-  **800,000+** Satisfied Customers

### QUESTION 1

S5000T during maintenance, HyperTerminal tool through which port to enter the CLI interface ()

- A. Maintenance serial
- B. 1Gb iSCSI host ports
- C. Management network port
- D. SAS PRI

Correct Answer: A

---

### QUESTION 2

SUSE Linux 10.0 modify the startup which you need to edit the file name:

- A. / etc / iscsi / initiatorname.iscsi
- B. / etc / iscsi / iscsid.conf
- C. / etc / init.d / initiatorname.iscsi
- D. / etc / init.d / initiatorname.conf

Correct Answer: A

---

### QUESTION 3

S2600 control box and the back end when three or more boxes cascade connection, there are two control boxes A, B cascade control box with two links cascade ; are usually two ways to cascade, the first one is two cascaded down sequentially connecting link can be followed in the order of cascading boxes ; second way is a link in turn forward cascade (control box to connect the first cascade box), another link anti- the cascade (control box to connect the last one cascade box), the reliability of these two cascade without any distinction, when the implementation of the project which can be conveniently using what.

- A. True
- B. False

Correct Answer: B

---

### QUESTION 4

Master Boot Record (MBR) partition supports a maximum volume of 2 PB.

- A. True

B. False

Correct Answer: B

---

#### QUESTION 5

About HDP3500's statement is correct?

- A. HDP3500 supports windows operating system backup and recovery.
- B. HDP3500 supports AIX operating system backup and recovery.
- C. HDP3500 does not support backup and recovery of virtual machines.
- D. The above statement is not correct

Correct Answer: A

---

#### QUESTION 6

The basic starting point is to use proven iSCSI IP network and data transmission technology to achieve extended SAN systems.

- A. True
- B. False

Correct Answer: A

---

#### QUESTION 7

SAN storage products for the upgrade, the following statement is wrong:

- A. Next in the array LUN is formatted,the systemcannotbe upgraded
- B. When the system has a hard drive in a dormant state,the systemcannotbe upgraded
- C. When using ISM upgrade,it is recommended to maintain the terminal and two controllers can manage network ports are connected
- D. When you upgrade the controller software upgrade package file extension.Bin

Correct Answer: D

---

#### QUESTION 8

Uninstall software under Linux which of the following commands can be used?

- A. kill
- B. uninstall
- C. unload
- D. rpm-e

Correct Answer: D

---

#### QUESTION 9

Fiber Ethernet switch zone VLAN function similar to the function of the switch, which is to connect the device (host and storage) in the SAN network, logically drawn to within different regions, so that different regions of the device cannot be inter-FC network direct access to, and therefore cannot be a designated port fiber switch in two different zone.

- A. True
- B. False

Correct Answer: B

---

#### QUESTION 10

A full, normal RAID5, including real data and parity data on the disk of its members:

- A. True
- B. False

Correct Answer: A

---

#### QUESTION 11

If the S2600's A controller management port IP address is 192.168.128.101, IP address B controller manages the port 192.168.128.102, the array controller has two iscsi each host port, if A controlled 00 iscsi host port is 192.168.10.101, 01iscsi host port A control is 192.168.11.101, then B iscsi host port control 01 which of the following segments can (assuming the mask is 24) (Choose three)

- A. 192.168.128.0
- B. 192.168.10.0
- C. 192.168.11.0
- D. 192.168.12.0

Correct Answer: BCD

---

#### QUESTION 12

Need at least a few hard drives when you create RAID50:

- A. 3
- B. 4
- C. 5
- D. 6

Correct Answer: D

---

#### QUESTION 13

The following hardware instead of using the FC protocol to communicate is:

- A. iSCSI card
- B. FC drives
- C. FC switch
- D. FC HBA card

Correct Answer: A

---

#### QUESTION 14

Windows have created a dynamic disk volumes can span multiple disks and create fault-tolerant volumes ability volumes on dynamic disks can be a basic volume, it can be dynamic volumes.

- A. True
- B. False

Correct Answer: B

---

#### QUESTION 15

Huawei package maintenance tool storage products acquisition mode

- A. Local Service Manager
- B. 400 Response Center

C. Huawei support website.

D. Dealer

Correct Answer: C
